MAYSVILLE, KY., TUESDAY, APRIL 3, 1906

ONE COPY—ONE CENT.

Mrs. Thomas J. Chenoweth, who has been ill for the past three weeks, was out for the first time yesterday.

Millard Howard shot and killed Lewis Stafford at Armstrong, Carter county. Howard says it was an accident.

Elocution and Negro poet from New Jersey will play his displays at the Methodist Church Monday night, April 9th. Everybody is welcome to come and hear this poet.

Call and let me show what a handsome Diamond Ring, Stud or Pendant I can sell you for little money. Prices are guaranteed lower than you buy for anywhere.

P. J. MURPHY, the Jeweler.

Mr. Christy Devine will leave this afternoon for St. Louis, where he goes to accept a position with Holmes, Tolles & Holton. Mr. Devine is one of Maysville's brightest young men, and that he will make good in his new field goes without saying. Success and good luck be with you, Christy.

All the Kentucky coal miners were at work yesterday as usual. The contracts for the Eastern District do not expire until September 1st. The signing of the agreement by the operators of the Western District to pay the 1903 scale consequently assured the continuance of mining throughout the state until September 1st at least.

A GREAT SPEAKER COMING

Dr. R. J. Willingham of Richmond, Va., who has charge of the foreign work of the 3,500,000 Southern Baptists, will speak at the First Baptist Church Friday—ladies at 2:30 p. m., and to all at 7:30 p. m. Everybody welcomed. The coming of such a speaker brings to all our people the privileges of the Southern Baptist Convention, the largest religious body on earth. No one should fail to hear this brother. He will inspire and help all who are interested in uplifting their fellowmen.

Colonel Isaac Woodward and wife took advantage of the free ferrage yesterday afternoon and made their first trip to Aberdeen. After viewing the promises they returned very much delighted with the conditions existing in our neighboring city.

Resolutions calling on the Board of Public Safety to issue immediate orders closing all saloons and theaters in Louisville on Sunday were adopted at a mass-meeting of men held under the auspices of the Citizens' League. Speeches were made by Bishop Charles E. Woodcock, the Rev. Dr. E. L. Powell and Judge W. O. Harris.

Yesterday afternoon as the local freight crew on the C. & O. was getting a carload of brick off the yard siding at Mentor Brakeman L. P. Deehler was instantly killed. The train jumped the track and the carload of brick turned over, catching Deehler under it and mashing him in a horrible manner. The unfortunate young man resided at Covington, was single and about 25 years old.

The big stone residence on the Lashbrooke place near Clark's Station is one of the oldest in the county. It was begun in 1793 and was occupied by the Hon. Peter Lashbrooke in 1800. Mr. Lashbrooke represented Mason county in the Legislature in 1825, and was over 90 years of age at his death. A son, Mr. James Lashbrooke, lives near the ancient house, which is still in excellent repair and bids fair to weather the storms of another century.

The Mite Society of the Third Street M. E. Church will meet with Mrs. Holiday of the East End Wednesday afternoon at 2 o'clock.

MASON COUNTY COURT.

A paper of date March 6th, 1906, purporting to be the last will and testament of William Houston, deceased, was produced in Court and ordered filed. Attesting witnesses: William McNatt and D. P. Wilson. Mrs. Daisy Houston qualified as Executrix without bond as requested in will. D. P. Wilson, J. N. Wilson and Sam W. Sturts were appointed appraisers.

P. W. Sturts qualified as Notary Public, with Sam Jefferson as surety on bond.

The following is the last will and testament of Alexander H. Wall, deceased—

MASON COUNTY, KY., May 8th, 1900. Having sold all of my real estate, I now make this my last will, and revoke all others up to the above date. My wife, Elizabeth A. Wall, and I have always made an equal distribution of money when given to our children. Hundreds of dollars have I given when I hoped it would do good. This I consider every father's right to do. Whatever is left after my just debts and funeral expenses are paid, I give to my son, Garrett S. Wall, and his sister, Mary W. Aperson, in equal proportions.

My daughter, Lydia E. Dimmitt, is now well provided for by her father and mother.

I leave and give my son the entire control to settle and wind up and settle with his sister as above written.

No bond or security required of him. Given under my hand.

ALEXANDER H. WALL.

Attest—
John W. Boudeau.

THERE'S nothing plainer than that the C. and O. folks made the mistake of their lives when they hogged the Editors' well-earned pasteboards. Just look at the wrecks they've had—and are still having.

With the "jury fixing" in the JIM HOWARD and CALEB POWERS trials before them, why should surprise be expressed at the bribery charges that have been brought against Court officials in Campbell county?

THE Louisville Herald tells of a Negro named PAT RILEY being before the Police Court in that city.

"RILEY is to be tried Tuesday before an Irish Judge. He will be prosecuted by an Irish Prosecuting Attorney, and all who have official connection with the case are followers of St. Patrick."

The Irish are all right; but it's a wonder the people of Louisville wouldn't give at least one American a chance once in a while.

THE recent convention at Indianapolis cost the miners organization \$105,000 for per diem and transportation of delegates. There is in the National, District and Local Treasuries of the miners \$2,500,000, of which \$400,000 is in the National Treasury. That's a whole lot of money; and isn't it barely possible that if the miners—the poor fellows who dig, dig, dig, and pick, pick, pick, down in the bowels of the earth—were not compelled to put up all this money to pay for junkets and conventions and Walking Delegates,—well, wouldn't they be a good deal better off than they are?

COLUMBUS, O., March 29th.—If the House concurs in the passage of the Pollock Bill, which passed the Senate yesterday, the state will erect in the Statehouse grounds a \$15,000 monument to the 1,700 Ohio soldiers of the Civil War who, while en route from the South to Camp Chase here, lost their lives in the explosion of the steamer Sultana on the Ohio river, and whose memory has never been commemorated in any way.

Before that monument is inscribed, it is to be hoped its builders will get a few steps nearer the facts than as above given.

There were not "1,700 Ohio soldiers" on the boat. Altogether there were 1,866 troops aboard,—an outrageous overcrowding of the boat,—and they were from several states, at least two from this city. Of these, 765 were saved, the death list of soldiers alone reaching 1,101.

Of the cabin passengers and crew 137 were lost, making a total death roll of 1,238.

The boilers of the Sultana exploded in the early morning of April 25th, 1865, about two miles above Memphis, on the Mississippi river—not on the Ohio river.

With these slight changes let the work proceed, perpetuating the memory of those gallant boys who were "Home-Coming" from Andersonville and Marietta and other Southern Military Prisons, with the War ended and hearts beating light to meet wife, mother, sweetheart and again take up the avocations of a blessed Peace—all engulfed in the maelstrom of greed that crowded nearly thousand souls on a boat with only capacity for half that number.

SHE WHO HESITATES IS LOST.

A lawyer was talking about Elihu Root's legal talent. "He shone in a Courtroom," said the lawyer. "From the beginning of his career he shone. He had a gift of humor, too. One day he was cross-examining a young woman.

"How old are you?" he said.
"The young woman hesitated.
"Don't hesitate," said Mr. Root. "The longer you hesitate the older you'll grow."

THREE FACTS

For Sick Women To Consider

First.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements of the female organs, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

Second.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

Third.—That the great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

The Special Committee appointed to visit cities in the interest of better streets reported as follows:

MAYSVILLE, KY., March 26th, 1900.

To the Honorable Mayor and Gentlemen of the City Council, Maysville, Ky.—Gentlemen: We, your Committee appointed to visit cities for the purpose of inspecting street paving, would respectfully report that we visited the following cities, viz: Charleston, W. Va., Gallipolis, O., Huntington, W. Va., Central City, W. Va., and Ashland, Ky.

In Charleston, W. Va., the first place we visited, we were met by Mayor John Jarrett and Councilmen Hudson and Mead. These gentlemen took us in carriages over the city, showing us their different streets, one of which is the first piece of brick paving ever laid in the United States. Charleston has over twenty-three miles of brick paving.

From Charleston we went to Gallipolis, O., where we have twelve miles of brick streets, which were built in the fall of 1892, and since having been put down have not cost 6 cents in repairs and are now in first-class condition.

From Gallipolis we went to Huntington, W. Va., where we were met by Mr. John Sanborn, the City

Mrs. Harvey Grimes was refunded \$1.50 poll-tax on her deceased husband.

A petition signed by a majority of the residents of Market street, praying that the County Court Day sales be transferred from Limestone to Market street, was granted.

Charles Taylor was granted Auctioneer's license.

In the matter of brick streets a resolution was introduced and passed employing John H. Sanborn of Huntington, W. Va., as Engineer, at a salary of \$10 per day and expenses while actually employed, and Oliver Hord as Assistant, at a salary of \$125 per month.

A jingle having arisen in regard to free ferrage, and the Committee to whom the matter was referred being unable to unravel the tangled skein, John Daley, President of the Board of Trade, was granted the privilege of the floor, and in a five minutes forcible talk presented the matter in a light that was plain to the most obtuse. The matter will stand as it is until the next meeting of Council, when an agreement promulgated by the Board of Trade and Captain Phister will be presented for ratification; and the same will be printed and posted in a conspicuous place on the ferryboat that the traveling public may be informed of their privileges on that special day.

The Ways and Means Committee was authorized to sell bonds to the amount of \$2,000 for current expenses.

Adjourned until Friday night.

BIG COURT DAY

Yesterday Reminded One of the
"Good Old Times"

Yesterday was County Court Day and it was a crackerjack, too. It was the biggest and most orderly crowd ever in the city on a similar occasion. Brown and Adams counties, Ohio, swelled the crowd enormously. Here is where free ferrage showed its hand.

The stallion show was exceedingly fine, and thoroughbred stock was more plentiful than ever before.

There was not a business man in the city but what was benefited by the big crowd on the streets. Trade and traffic were in evidence everywhere. Taken as a whole it was the best day this city has had in a long time.

Court Day sales and free ferrage are the things to tie too. Boom it; keep it up.

Printing Office Reform

How Uncle Sam's Money is Being Wasted

Cincinnati Times-Star.

Much-discussed reforms in the Government Printing Office will be effected by the two joint

resolutions which passed Congress this week. It is estimated that they will reduce the Government's outlay for publication purposes from \$7,000,000 to the neighborhood of \$5,000,000.

Under the old system the maximum number of

copies allowed by law was issued in one edition.

If the maximum was 150,000, 50,000 volumes were allotted to the Senate and 100,000 to the House of Representatives. Then each member

was credited with his pro rata share and was

expected to push it into circulation.

The question of adjusting supply to demand was never

raised, nor was any consideration given to the

fact that a publication interesting to some spe-

cial section might have no value or attraction

for the rest of the country. A few Senators

and Representatives in that case would exhaust

their small quotas, while the great bulk of the

edition would be left to molder in some storage

sub-cellar.

This custom resulted in enormous wastage, as is shown by the report of the Joint Commit-

tee on Printing. Of the special report on "Li-

abilities of the House"—one of the "best sellers"

ever issued by the Government Printing Office

A bill has been introduced in Congress re-
quiring all sea-going and lake vessels to carry a
quantity of oil apparatus for its distribution
on the water in time of storm.

According to statistics prepared by railroad
experts there are now under way in the United
States 13,014 miles of new railroads, and what
are termed "live projects" provide for the
building of 8,433 miles more.

Justice Harlan denies a published report that he contemplated retiring from the Bench and giving his time to the work of establishing a great Presbyterian Church at Washington. He says he feels deeply interested in that work, and expresses his willingness to aid it in every way in his power, but has no present purpose to retire from the Bench.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists.

Take Hall's Family Pill for constipation.

—200,642 copies were published. But today 70,000 copies are left undistributed in the House and Senate folding rooms, representing a cost exclusive of plates, of \$33,645.

Congress ordered 10,642 copies of the report of the Swayne impeachment proceedings, but only 3,542 copies got into circulation.

Of the bound volumes of The Congressional Record for the second session of the Fifty-eighth Congress, 13,300 sets, or 93,100 volumes, costing \$122,323, were ordered. There are still on hand as an undigested and indigestible surplus 8,795 sets, or 61,563 volumes.

The Government is actually renting three buildings for \$13,600 a year for the sole purpose of storing dead documentary matter, and the committee says that 400 freight cars would not be enough to carry the accumulated surplus out of Washington.

Under the new system the publications will be limited to smaller editions and an attempt made to regulate the supply to the demand.

Another reform will operate through the method of charging the expense. Heretofore all reports to Congress were charged to the Congressional Fund. As a result the Department officials loaded the reports to Congress with costly illustrations or irrelevant matter and thus kept down the charges appearing against them.

Thus one Department's printing bill appeared to be but \$200,000, whereas the actual work cost \$650,000. Hereafter all printing will be charged to the Department where it originates. By thus placing responsibility any extravagance can be easily traced.

Many Jewish families are leaving Kieff because of rumors of another wholesale massacre at Easter.

Senator Tillman has issued an address, for publication in South Carolina, relating to his candidacy for re-election. It is written in characteristic language and deals with the dispensary or liquor question, which promises to be the main issue in the Democratic primary next August. The Senator points out that he believes as strongly as ever in the dispensary system, and serves notice that he will conduct his canvass for re-election along that line.

A court review amendment to the Railroad Rate Bill was agreed upon at a conference between President Roosevelt, several Republican Senators and Interstate Commerce Commissioners Knapp and Prouty. It leaves to the decision of the Commission when ordering fixing rates shall take effect and limits suits to a determination of whether the order complained of was beyond the authority of the Commission or in violation of the rights of the carrier secured by the Constitution.

Strong resolutions threatening a strike of 500 city employees and attacking municipal ownership of street railways were passed at a meeting at Chicago of the Associated Building Trades, composed of twenty-nine Unions and representing 33,000 building craftsmen. It was charged that Mayor Dunn and the Council Finance Committee have refused to make provision for the payment of standard wages to mechanics in the employ of the city, despite the numerous requests from Labor Unions.

"When my little boy was six months old, he had eczema. The sores extended so quickly over the whole body that we at once called in the doctor. We then went to another doctor, but he could not help him, and in our despair we went to a third one. Matters became so bad that he had regular holes in his cheeks, large enough to put a pencil into. The doctor said he had to be given a spoon, for his mouth was covered with crusts as thick as a finger, and whenever he opened the mouth they began to bleed and suppurate, as did also his eyes, hands, arms, chest, and back, in short the whole body, was covered over and over. We had no rest by day or night. Whenever he was laid in his bed, we had to pin his hands down; otherwise he would scratch his face, and make an open sore. I think his face must have itched most terribly."

"We finally thought nothing could help, and I had made up my mind to send my wife with the child to Europe, hoping that the sea air might cure him, otherwise he was to be put under good medical care there. But, Lord be blessed, matters came differently, and we soon saw a miracle. A friend of ours spoke about Cuticura. We made a trial with Cuticura Soap, Ointment, and Resolvent, and within ten days or two weeks we noticed a decided improvement. Just as quickly as the sickness had appeared it also began to disappear, and within ten weeks the child was absolutely well, and his skin was smooth and white as ever before." F. Hohrath, President of the C. F. Hohrath Company, Manufacturers of Silk Ribbons, 4 to 24 Rink Alley, July 5, 1905.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Potter Drug & Chem. Corp., Sole Proprietors, Boston.
